

Weeks of June 1-5

Summer Safety

Hello Edison Elementary

Hello James Madison, Martin Luther King, Woodbrook, Menlo Park, John Marshall, Ben Franklin, Lincoln, Lindeneau, James Monroe and Washington Elementary School Students!

Water safety tips

Click on the picture to watch more about being safe when in or near the water.

Summer is here and that means lot of water, heat and sun! All these things can be fun but we also need to remember how to stay safe when near the water, in the heat and under the sun.

Importance of staying hydrated!

Click on the picture to watch more about why kids need to drink lots of water and some tips on how to get more water into our bodies in the hot, summer months.

We wish you a summer full of fun and sun but don't forget the summer safety tips to keep you safe and healthy.

Sun Protection

Watch the video to find out why we need to wear sun lotion and how to protect our skin from the sun.
